

QCommission enables you to quickly calculate commission, verify results and distribute this information to your agencies, agents, brokers and staff. You can present the commission information in such a way that the sales people clearly understand what they are being paid and why they are being paid at a very detailed level. Excel and manual calculations can introduce a lot of errors into your calculations and cause your sales people to lose trust in you. QCommission can help avoid that by calculating all commissions systematically and reliably.

## Calculate Accurately with Flexible Rules

QCommission provides a lot of flexibility to set up commission plans that are unique to your company and your agents.

- Handle multiple manufacturer related commissions
- Setup or import Sales Orders written to customers on manufacturer's behalf
- Calculate incoming commissions due from manufacturer based on sales orders
- Have unique commission calculations for each manufacturer
- Receive commission statements from manufacturers and enter/import into system
- Calculate commissions due to payees
- Pay commissions at the time of sales order, when customer billed or when manufacturer pays
- Pay commissions as flat amounts or as percentages
- Have unique commission plans by payees
- Split commissions between payees
- Pay commissions by sales or profit
- Pay tiered commissions rates by sales volume
- Pay overrides to sales managers..
- Pay weekly, bi-weekly, twice-monthly, monthly

## Reporting

QCommission stores all data entered and all payout calculations.

- Produce incoming commission due statements from manufacturers
- Produce detailed commission statements by payee.
- Reproduce commission statements for prior periods.
- Report on split credits and uncredited transactions.
- Email commission statements to payees.
- View commission statements through the web

## Import/ Export

QCommission is designed to integrate with QuickBooks™, Salesforce.com, Sage Peachtree MS Dynamics GP, MS Dynamics Axapta and many others. QCommission can also accept Excel, fixed file and delimited format files. QCommission can also process some PDF format files. QCommission can also operate stand-alone.

- Import data from accounting system including Invoices, Expenses, Payees, Customers and Products.
- Import from manufacturer data from Excel, PDF and fixed or text-delimited files.
- Export Commissions payouts for accounts payable and payroll
- Export data to Excel, and fixed or text-delimited file formats.
