## SCS Direct Simplifies Sales Commission Process Using QCommission

### Customer Profile

SCS Direct is “a leader in consumer products that develops best of breed products across the Toy, Baby, Housewares, Home Improvement and Outdoor Living categories.” Having been in the business for 19 years, they pride themselves in bringing unique products to their customers around the world.

Some of their brands include Cucina Pro, Kuissential, Imperia, Itzbeen, Bentology, Big Buckets, Sculpt Pro, and Planet Fuel to name a few.

### The Problem

SCS Direct used to heavily rely on Excel for everything business related, and that included their sales commission processing. Using Excel, it took them 5-7 business days to process their sales commissions every pay period. Sadly, the manual process was extremely time consuming and highly error prone.

They wanted to be able to spend their time analyzing reports rather than creating reports. After researching and looking over several software’s compatibility with QuickBooks, they analyzed the cost/benefit ratio of each product and decided that QCommission was their best fit.

### The Project

After SCS Direct submitted a Demo Inquiry for QCommission, the QCommission team met with Darren Miglas, Financial Controller for SCS Direct, and all the requirements needed for building a custom solution was discussed. The QCommission team exerted all their effort to ensure that the sales compensation plans, and the entire customization were setup properly and to SCS Direct’s specifications.

The commission calculations are derived based on various factors such as By Payee, By Product - Product, By Payee Exception, By Customer etc. QCommission was able to easily handle the complexity since it is designed to handle complex sales compensation plans and bigger transactions. SCS Direct has been a satisfied QCommission customer for almost a year now.

### Quote

Excellent Experience. As a small company, we are heavily reliant on using Excel to "automate" many of our processes and Sales Rep commissions was no different. As we continue to grow, we know we need better systems in place, so we spend less time doing and more time analyzing. We chose QCommission to be our commission system of choice and couldn't be happier. The implementation team assigned to us were very knowledgeable, responsive, and easy to work with

After 2 months, we are up and running using the system to calculate our monthly commissions and probably could have.” been sooner if we could have focused 100% of our time to the implementation process. I highly recommend QCommission and am very happy with how well the implementation process went. That credit goes to the team assigned to our account.”
